

USING DATA TO DELIVER BUSINESS EFFICIENCIES.

The power to drive efficiency at your fingertips.

At Northgate, we understand how important your vans are to your business which is why we've designed a Telematics solution to give you the control you need and peace of mind that your vehicles are productive, operationally efficient and safe.

Our Telematics package is transforming the way operators of fleets can deliver cost efficiencies, improved driver safety and efficient customer service.

Control+ focuses on vehicle monitoring and has the ability to track driver behaviour with enhanced reporting.

By combining Telematics with our camera bolt-on you can obtain footage of collisions, near misses or harsh driving which can help protect your business against false insurance claims, driving allegations and can be used as evidence to dispute liability.

Speak to your account manager and see how Northgate's Telematics solution could help your business.

KEY BENEFITS

Vehicle tracking made easy

Track all your vehicles in real time, making route planning and job allocation quicker and simpler.

Effective cost management

Use data and insight such as vehicle idling and fuel consumption to reduce the cost to run your vehicles.

Reduce business risk

Analyse data including speed and harsh events to track how the vehicles are being driven and act on it to reduce incidents and keep compliant.

Simple to set up

With no contract needed and no set up fees, it's quick and easy to apply Telematics to your fleet.

HOW IT WORKS

1.

Sign up to Northgate Telematics through our friendly team.

2.

We'll set up and fit your vehicles with the necessary equipment at a time that's convenient to you.

3.

You'll receive a welcome email with a link to the online portal and instructions to download the app.

4.

We'll then be on hand for any support or questions you may have.

OUR FLEXIBLE SOLUTION CAN BE TAILORED TO SUIT YOUR BUSINESS NEEDS.

CONTROL+

Features	Live vehicle tracking	Log on to see live updates on where your vehicles are at any time	✓
	Journey history	View historical journey information including routes taken, distances travelled, speed and duration	✓
	Out of hours use	View when vehicles are being used out of normal working hours	Bespoke
	Vehicle status	Track how long your vehicles spend idling, parked up or being driven	✓
	Driver behaviour	Manage driving incidents (harsh braking, cornering and acceleration) directly from the Dashboard. Create alerts and 'deep dive' into events triggered with supporting event-based video footage (when cameras installed).	✓
	Reporting	Run existing reports designed for similar businesses or tailor to your own needs	Full report suite / bespoke reports
	Dashboards	Create performance dashboards to suit you which can be updated on a weekly or monthly basis	✓
	Real time alerts	Receive notifications via email or SMS when you need them	✓

THERE ARE A NUMBER OF ADD-ON OPTIONS AVAILABLE TO FIT YOUR SPECIFIC NEEDS.

Optional add-ons available	Custom built reports/dashboards	Bespoke reports/dashboards built by Northgate to your exact requirements	+
	Front facing camera	Dashboard camera records video footage and provides alerts of key events	+
	Training	Face to face training session for your business with a Northgate Telematics specialist*	+
	Driver ID	Tracking by individual driver rather than by vehicle	+
	Esso fuel card connectivity	Pinpoint where a vehicle was refuelled to help with managing fraudulent claims and benefit from having a full view of all your fleet's fuel transactions in one place	+

Included

Optional add-ons

*Prices may vary depending on requirements.
