

ELECTRIC VEHICLE AND HOME CHARGING BUNDLE

MAKE YOUR DRIVE TO ZERO EASY WITH OUR ONE STOP SOLUTION.

Are you looking to make your switch to electric a hassle-free experience for both you and your drivers?

We have you and your drivers covered with an all-in-one electric vehicle and home charging bundle available on Northgate 12months+ hire.

We'll provide access to a platform perfect for Fleet Managers, giving you full control and visibility of all your drivers charging utilisation. Other features include a company wallet which can be used to reimburse your drivers and smart charging to auto-schedule vehicle charging during cheaper tariff hours.

Your drivers can utilise an app to view their home charging utilisation, access the public charging network and use the company wallet feature to pay for public business charging on-the-go.

Our consultative approach means we'll always be here to offer end-to-end support throughout the lifetime of the rental, plus our home charger comes with a 5-year warranty with service and maintenance as standard so you'll have the confidence you're covered from the start.

KEY FEATURES AND BENEFITS

Improved cash flow

There's no upfront costs just one simple regular payment* over the term of your hire.

Hassle-free installations

Our in-house supplier, ChargedEV has managed and installed over 30,000 domestic charge points - giving you confidence you'll receive a quality installation service.

Ultimate flexibility

We'll provide you with an easy-to-use tried and tested charger, with the ability to simply relocate it elsewhere if your driver's move house or business needs change.**

End-to-end support

As well as providing ongoing service and maintenance for both vehicles and chargers, we'll ensure you and your driver are comfortable with how everything works with our complimentary Northgate EV training.

ELECTRIC VEHICLE AND HOME CHARGING BUNDLE

HOW DOES IT WORK?

1.

Contact your Account Manager to discuss and select the ideal EV for your business needs.

2.

Our team will perform eligibility checks on your driver's home for a charge point; the home must have a private driveway and the driver must be registered as the owner of the property.

5.

Your Northgate electric vehicle will be delivered, and we'll give you access to complimentary EV driver training as part of the package, with courses on how to charge your vehicle and maximise the range.

4.

Once installed, we'll show your driver how to operate the charger.

3.

We'll contact your driver to arrange a home site survey* and schedule the charging installation.

* Charges will apply for non-standard installations.

To find out how we can help keep your business driving forward, contact a member of the team today.
