

## SUPPORTING FLEETS ON THEIR ELECTRIFICATION JOURNEY.

**With the end of new diesel and petrol vehicle sales in 2035, it is essential that businesses have the right support in place to begin their electrification journey.**

---

Northgate provides the latest Electric Vehicle (EV) options to help fleets prepare for our electric future. Many fleets may feel overwhelmed by the operational challenges that come with EVs.

Northgate offers a full end-to-end solution to assist fleets through every step. Our EV consultants can answer all your questions on electric vehicles, charging methods, and your rollout strategy.

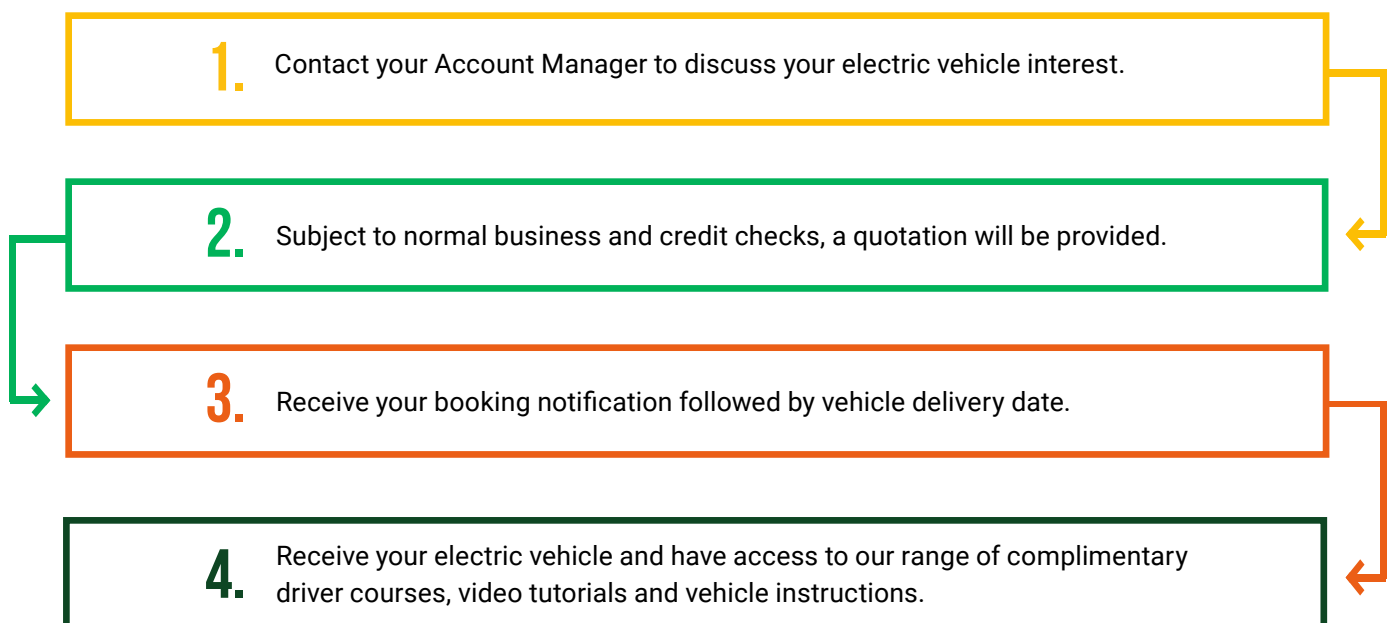

And when you're up and running with EVs, our team provides the support to help keep your business moving. Whether you choose Flexible Hire or 12months+, every vehicle comes with servicing, maintenance and 24/7 breakdown and recovery\* as standard.

We're constantly adding new electric vehicles to our fleet as they come to market so please ask us about the latest options.

## KEY BENEFITS

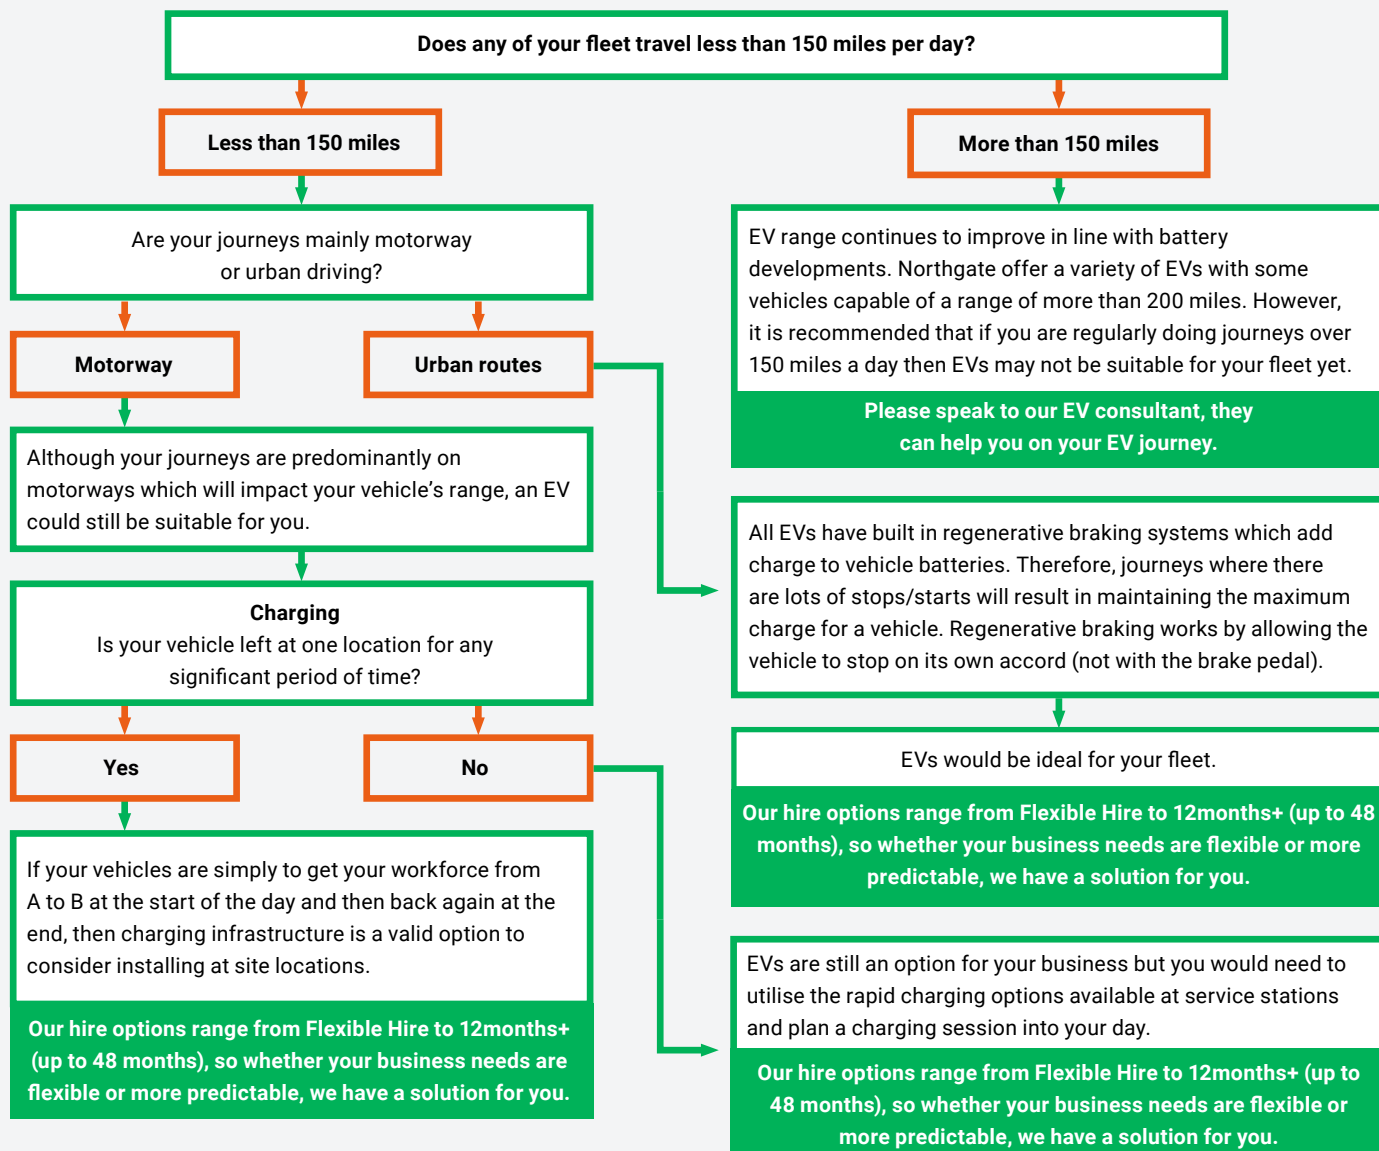

- ✓ A range of flexible hire options available to suit your business needs
- ✓ Full service and maintenance included
- ✓ Breakdown and recovery included\*
- ✓ 68 branches and workshops nationwide

- ✓ Electric vehicle consultant on hand to assist with fleet requirements and charging infrastructure
- ✓ Livery and customisation available\*\*
- ✓ Electric vehicle public charge card available
- ✓ Training Videos
- ✓ Loan vehicles on request if available\*\*\*

## HOW IT WORKS

## ASSESSING YOUR SUITABILITY - ADDING EVS TO YOUR FLEET

Electrifying your fleet begins with identifying whether you operate any vehicles with suitable electric vehicle alternatives. The most obvious candidates will have the following qualities: low daily mileage, light payloads, appropriate dwell times for charging and driving routes within urban areas or along main roads. Use our suitability checker to assess your fleet's readiness for EVs and potential hire option.

\*Call out, recovery, labour and parts will be charged if the cause is as a result of charge loss or driver fault.

\*\*Livery options available for vehicles on a 12months+ hire agreement.

\*\*\*Loan vehicle not guaranteed to be an electric vehicle, and may be chargeable dependent on reason for hire EV to being off the road
